

Akash Balodi

Rishikesh, Uttarakhand / akashbalodi17@gmail.com / +91 9997356052

Objective

To gain experience and exposure in the field of computer sciences and technology. To know what I am capable of as an individual.

Technologies

Languages: C++, HTML, CSS, JavaScript

Tools and Frameworks: React.js, Node.js, Express.js

Databases: MongoDB

Projects

ToDoList App

- Developed a ToDoList app with features to add, edit, delete, and filter tasks.
- Utilized React Hooks for state management and Tailwind CSS for responsive design.
- Implemented local storage for data persistence.

Osteoarthritis Knee Prediction

- Developed a model to predict knee osteoarthritis progression using the ResNet-18 architecture.
- Utilized Python and libraries such as TensorFlow/PyTorch, scikit-learn, and Pandas

Education

Year	Degree	Board/ University	College/ Institute/ School
2020-2024	B. TECH in Computer Science	Swami Rama Himalayan University	Himalayan School of Science and Technology
2020	12 th Standard	UK Board	Viveka Academy Sr. Sec. School
2018	10 th Standard	UK Board	Viveka Academy Sr. Sec. School

Certification

- Elite Certificate of Cloud Computing by NPTEL

Strengths

- Teamwork Skill
- Problem Solving Skill
- Active Listener

Hobbies

- Playing Football and Cricket
- Listening to Music
